Mass Bay Community College-Thursday, December 5, 2019

Credit for Life Fair-TBA

Future Nurses Day-TBA

Future Educators Day-TBA

Permission to travel to the site

Bus transportation will be provided. I understand that my son/daughter will travel to the field trip site under the supervision of school staff.

Dress Code

I understand that my son/daughter must comply with the recommended attire. Students will dress in business casual (girls; skirt, dress slacks, blouse or sweater and boys; will wear casual slacks, a collar or dress shirt). No jeans or sneakers.

Photo Release

I understand that the field trip may attract media coverage. There is a possibility that students will be photographed during the experience. I grant permission to the photography of my son /daughter for promotional and educational purposes.

SIGNATURE OF PARENT/GUARDIAN

DATE

Foxborough Public Schools do not discriminate on the basis of race, color, sex, gender identity, religion, national origin, sexual orientation or disability.

New England Institute of Technology

The focus at New England Institute of Technology is to give each student a solid balance: a base of analytical skills with hands-on training. Most of the Associate's Degree programs can be completed in as little as 18 months and the Bachelor's Degree programs in as little as 3 years. The Associates Degree Program offers studies in Aviation Science Technology and flight, computers, communications, architecture and interior design, electronic systems engineering, mechanical engineering technology, medical, and transportation.

National Portfolio Day

National Portfolio Day is for juniors and seniors who have a strong interest in art and who are looking to pursue a career in the field of art at college. National Portfolio Day is held in Boston at the convention center, where representatives from art schools and colleges across the nation gather in one place to review student art portfolios.

Foxboro High School Career Day-Juniors & Seniors Only

This event is for all juniors and seniors. The Career Day will have a wide variety of presenters for the students to choose from. Some of the professions that the students will get to choose from will be a psychiatric nurse practitioner, acupuncturist, child life specialist, news broadcaster, detective, computer gamer, illustrator, CSI, photographer, event planner, education, and theater. The purpose of the Career Day is to expose students to the variety of careers available to them in the work force and the educational background necessary for them.

Massachusetts Bay Community College

Massachusetts Bay Community College is a two-year college in Middlesex County, Massachusetts. It has three campuses, in Wellesley, Ashland, and Framingham. Some of the Associate Programs offered are: Nursing, Bio Chemistry, Computer Information Systems, Engineering, Life Sciences, Automotive Tech, Business, and Criminal Justice. Some Certificate Programs offered are: EMT, Medical Coding, Medical Office Administrative Assistant, CADD, IT, Web Design, Interior Design, and Accounting.

Credit for Life Fair-All Seniors Will Attend-Seniors Only

The Credit for Life Fair is an interactive event that allows students to role play with a personalized profile that reflects the income and debt picture of an entry level professional in a career that the student is interested in pursuing. This award winning event provides students with the unique opportunity to make "real life" financial decisions in a simulated and supportive environment. The objective is for each student to visit each of the fair's thirteen booths.

Future Nurses Day-Sturdy Memorial Hospital

The purpose of the day is to expose the students to the wide range of nursing opportunities available in a hospital setting. Nurses from many different departments will talk with the students about their specific departments at Sturdy Memorial Hospital. The students will also get a tour of the hospital.

Future Educators Day-Bridgewater State University

This event is designed to educate and expose students to the field of education, and give them a broad range of experience; from education seminars to classroom experience. This trip is for students who have a curiosity about the field of education and those who have already applied to college. Through our campus-based school system, Bridgewater State College will offer a look at a specialized education program and a classroom environment ranging from early education to college professors. Students will have a chance to discuss their thoughts with educational professors, classroom teachers, and future teachers who are graduating this spring. Lunch will be provided by the college. Representatives will discuss a typical workday, explore different aspects of working in the field, and provide information about the skills and education necessary to enter that field. Bus transportation will be provided.

National College Fair-Juniors Only

The National Association for College Admission Counseling (NACAC) holds The National College Fair throughout the country during spring months to help expose college-bound students to the many options for their post-secondary plans. The National College Fair is at the Boston Convention and Exhibition Center in Boston, MA. The goal of this event is for students to be exposed to the variety of locations, programs, and majors that will be on display from over 350 colleges and universities from around the country. Students will have the opportunity to gather information and research admission requirements, financial aid, testing, and college majors. In addition, students have many opportunities to personalize their experience by working with professionals to get specific college information that is significant to them.
