Your Evidence-Based
Reading and Writing Score

430 | 160 to 760

Your Nationally Representative **31st** Sample Percentile

! Your score shows that you're almost on track to be ready for college, but you need to keep building your skills.

We can help you get on track so you can take courses for credit when you start college. Go to satpractice.org and share your scores for a free personalized study plan.

Your Total Score

960 | 320 to 1520

Your Nationally Representative **51st** Sample Percentile

Keep in mind,
the PSAT/NMSQT[®]
and SAT[®] are on
the same scale.

Your score shows how you would have scored that day on the SAT. How well you do depends on what you do next!

Your Math Score

530 | 160 to 760

Your Nationally Representative **69th** Sample Percentile

✓ Your score shows that you're on track to be ready for college.

We can help you stay on track and build your skills. Go to satpractice.org and share your scores for a free personalized study plan.

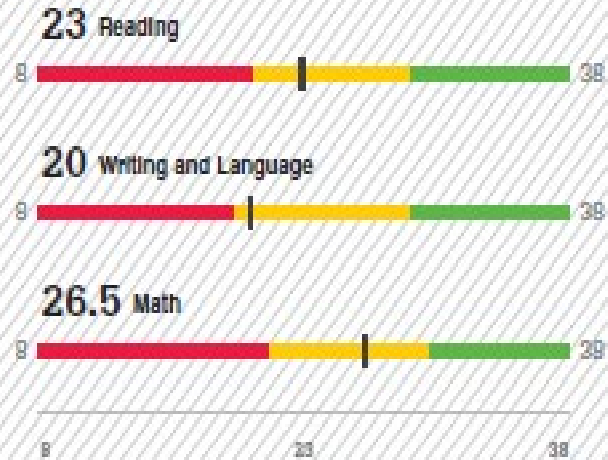

— The College and Career Readiness Benchmark —

Reaching your grade-level benchmark means that you are likely on track to be ready for select first-year, credit-bearing college courses.

■ Need to strengthen skills **■** Approaching benchmark **■** Meet or exceed benchmark

*The red, yellow, and green ranges in the test scores and subscores reflect your areas of strengths and weaknesses, compared to the typical performance of students in your grade.

Test Scores 8 to 38 range*

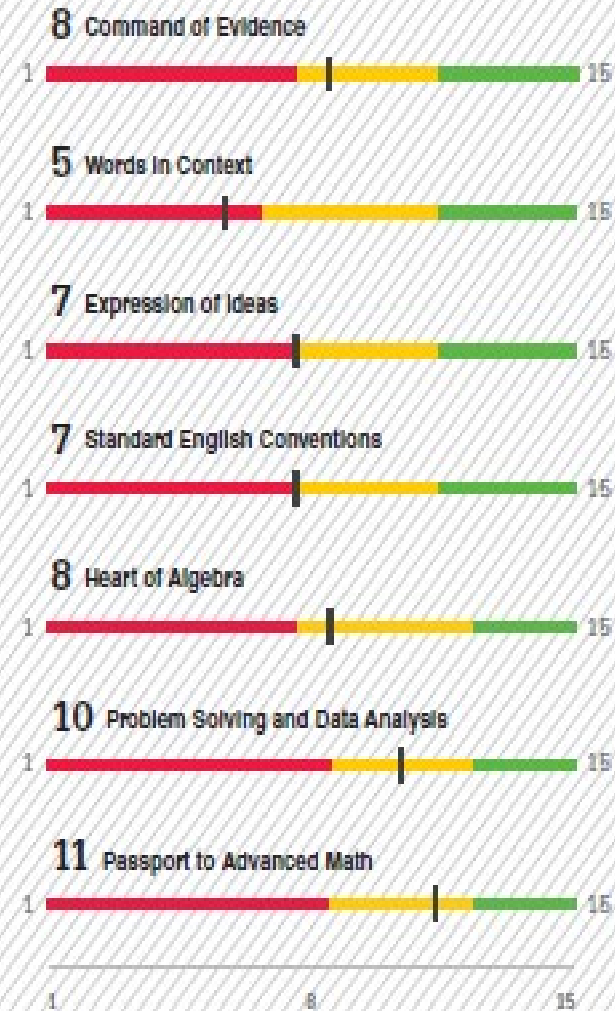

Cross-Test Scores 8 to 38 range

25 Analysis in History/Social Studies
20 Analysis in Science

Test scores are single snapshots in time—if you took the PSAT/NMSQT once a week for a month, your scores would vary. That’s why score ranges are better representations of your true ability. They show how much your score can change with repeated testing, even if your skill level remains the same. Your online score report shows your score ranges.

Subscores 1 to 15 range*

National Merit Scholarship Corporation

National Merit Scholarship Corporation (NMSC) conducts the National Merit® Scholarship Program, an academic competition for recognition and college scholarships.

To designate students who qualify for recognition in its 2019 competition, NMSC will consider the 2017 PSAT/NMSQT® Selection Index scores of some 1.8 million test takers (usually high school juniors) who meet program entry requirements. For more information, please visit: www.nationalmerit.org.

If any of your responses to NMSC's "Entry Requirements" questions (see right-hand column) are inaccurate or there has been a change in plans that may affect program entry, write immediately to:

National Merit Scholarship Corporation
Attn: Scholarship Administration
1560 Sherman Avenue, Suite 200
Evanston, IL 60201-4897

Include your name and home address along with your high school name, address, and six-digit code number.

Your NMSC Selection Index

139

NMSC uses a Selection Index score based on PSAT/NMSQT scores as an initial screen of students who enter its scholarship programs. To calculate your Selection Index score, double the sum of your Reading, Writing and Language, and Math Test scores.

Eligibility Information

You meet entry requirements for the 2019 National Merit Scholarship Program and your Selection Index score will be considered among 1.8 million program entrants.

If your Selection Index places you among the 50,000 high scorers who qualify for National Merit Scholarship Program recognition, you will be notified next September when qualifying Selection Index scores will be made available.

Entry Requirements

(Information you provided on your answer sheet)

High school student:
YES

Year to complete high school and enroll full time in college:
2019

Total years to be spent in grades 9–12:
4

U.S. Citizenship:
YES

Your Scores: Next Steps

Additional skills and improvement suggestions can be found in your online score report.

Strengths

Your score indicates that you are already likely able to:

- Read a moderately challenging passage closely to draw a reasonable inference
- Determine the best textual evidence for an inference when both evidence and inference are relatively obvious and direct (e.g., a clearly stated fact as evidence for a simple inference)
- Determine the central idea or theme of a moderately challenging passage

- Use supporting information to achieve a simple purpose (e.g., providing a short list of examples introduced by "for instance")
- Recognize and correct an obviously inappropriate shift in verb tense (e.g., using present tense when the context clearly calls for past tense)
- Distinguish between singular and plural possessive nouns and between plural and possessive nouns

- Solve a linear equation in one variable
- Identify a key feature of one representation (graph, equation, table, etc.) of a linear relationship based on information about a different representation
- Factor a monomial from a polynomial expression
- Factor a trinomial into two binomials

Reading Test

Writing and Language Test

Math Test

Improve your skills by focusing on the following suggestions:

- When you are reading complex texts, look closely at the key information and ideas, and then use them to help you determine the central idea or theme the authors want to convey.
- When you read, think about how a particular part of a text, such as a sentence, relates to and furthers the purpose of the text as a whole. Consider, for example, whether a certain detail illustrates a larger idea or provides a fact in support of it.

- In drafting and revising, use vocabulary knowledge and an understanding of particular contexts to make effective word and phrase choices.
- In revising, eliminate wordiness or redundancy within a sentence, such as when adjectives with the same meaning or very similar meanings (e.g., "fast" and "quick") are used to describe the same thing.

- Use function notation to represent dependent relationships.
- Write radical expressions in equivalent forms using fractional exponents.
- Add, subtract, multiply, and divide radical expressions.
- Use the inverse relationship between roots and exponents to solve equations.

HOW TO PRACTICE

Linking your College Board account with Khan Academy

- Sign into your College Board account
- Click **Understanding your Test Scores and See your Sent Scores**
- Click **Skills Insight**
- Click **Practice for SAT on Khan Academy**
- Click **Start Practicing** –it will bring you to Kahn Academy
- Once in Khan Academy-create an account (unless you already created one last year in Group Guidance)
- It will then ask you to answer 2 questions: answer yes on both
 - This will link your College Board account to Khan Academy
- Click **Allow Kahn Academy to share your activity to share your activity with College Board**
- Click **Practice Recommendations**

GENERAL INFORMATION

- **ACTs are more straightforward than SATs**
- **ACTs/SATs - No Penalty for incorrect answers**
 - **Don't leave an answer blank**
- **You can use a calculator on both Math sections of the ACTs and only one section of the SATs**
- **ACTs have Science section and SATs do not**
- **Do the Writing/Essay portion on both the ACTs and SATs**
